EXHIBITIONS, CONFERENCES &
INTELLIGENT EXPERIENCE DESIGN

DESIGNING SMART EVENTS. DELIVERING MEASURABLE IMPACT.

Who We Are

DESIGNING SMART EVENTS. DELIVERING MEASURABLE IMPACT.

Sarmad Events is a Saudi-based event management and experience design company specializing in exhibitions, conferences, governmental, and institutional events.

We operate at the intersection of **strategy, technology, creativity, and execution**, delivering end-to-end event solutions that go beyond logistics to create **data-driven, intelligent, and outcome-focused experiences**. By combining deep local market expertise with international standards and advanced digital technologies, we transform concepts into high-impact events that deliver measurable value.

Sarmad

An illustration of a man and a woman in business attire. The man, on the left, is holding a tablet and looking at it. The woman, on the right, is pointing at the tablet and looking at it. They are standing in front of a modern city skyline with several skyscrapers. The illustration is in a blue and orange color scheme. The man is wearing a suit and tie, and the woman is wearing a blazer. The background shows a city with various buildings, including a tall, thin skyscraper and a building with a large, curved facade. The overall style is a watercolor-like illustration.

Our Vision

To be Saudi Arabia's leading strategic partner for exhibitions and conferences, pioneering **smart, technology-enabled, and AI-driven events**, while preserving institutional identity, protocol excellence, and cultural integrity.

Our Mission

To deliver integrated, intelligent, and creative event management solutions that:

Achieve clear business and institutional objectives

Elevate brand and stakeholder experience

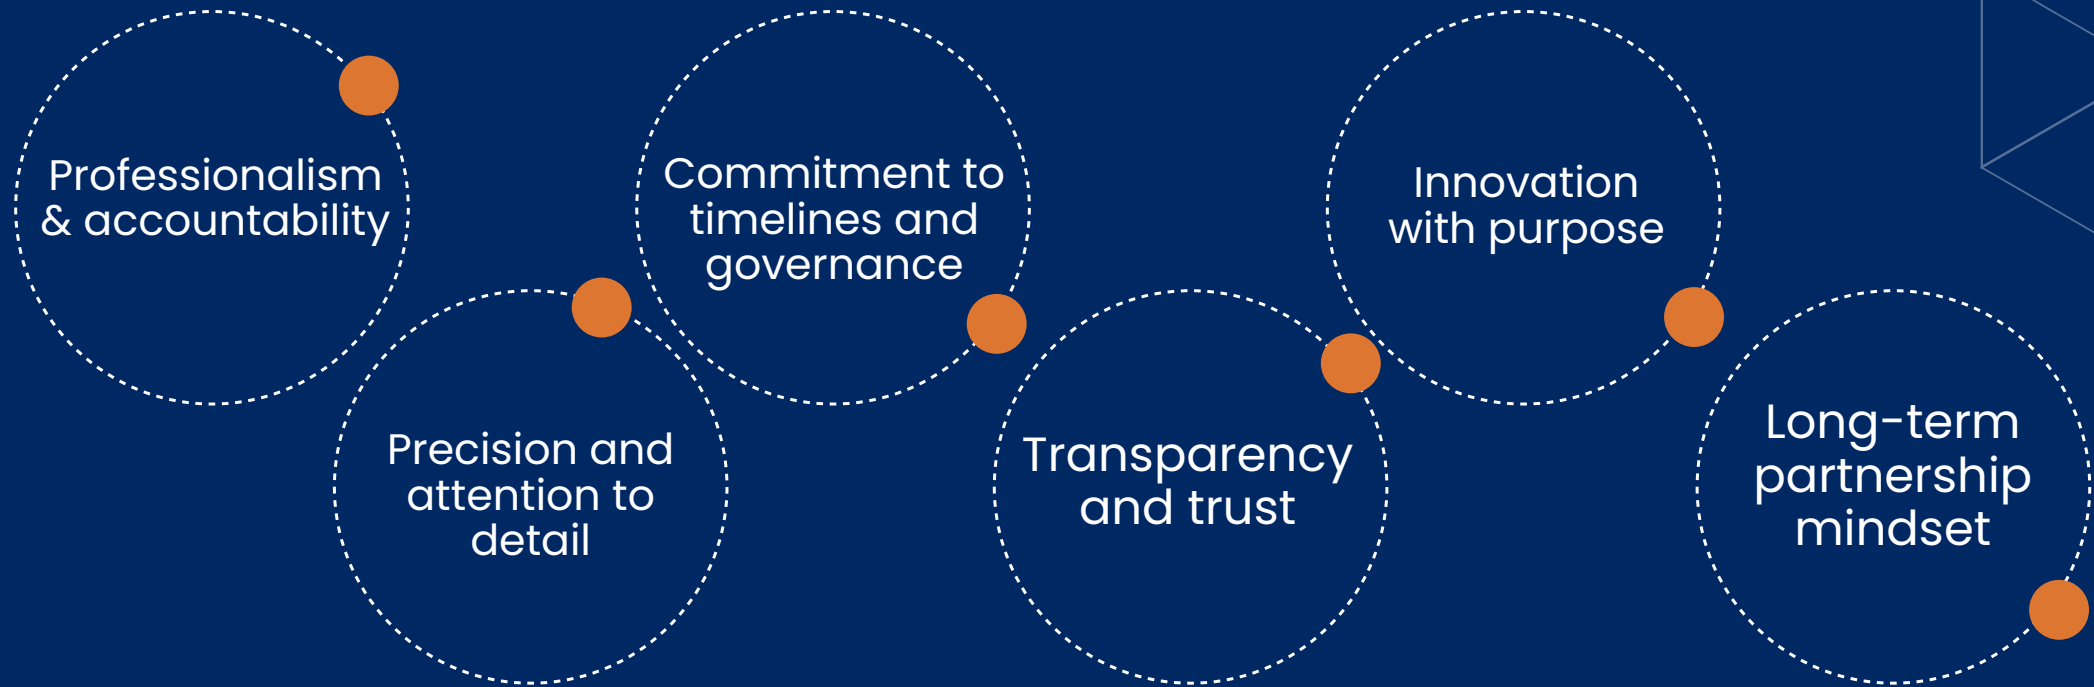

Leverage AI, data, and digital innovation

Ensure precision, compliance, and seamless execution

ACROSS EVERY STAGE OF THE EVENT LIFECYCLE.

Our Values

Our Integrated Service Ecosystem

Sarmad delivers events through a **connected service ecosystem**, not isolated services—ensuring alignment between strategy, operations, technology, and experience design.

Exhibitions & Conferences Management

- Full exhibition and conference planning
- Floor planning, zoning, and traffic optimization
- Exhibitor, speaker, and stakeholder management
- On-site operations and command control
- International protocol and compliance standards

3D Visualization & Digital Twin Previews

Full 3D renders before execution
Spatial planning and experience simulation
Stakeholder approval and optimization
Reduced execution risk and cost overruns

Governmental & Institutional Events

- Full compliance with governmental identity and protocol
- Coordination with authorities, licensing, and security
- Confidentiality-sensitive execution
- National forums, summits, launches, and official ceremonies

VIP, Protocol & Delegate Experience

We design and produce high-impact digital content as a core capability:

- Custom LED screen content for stages and venues
- Motion graphics, animated backdrops, and transitions
- Immersive storytelling for openings and key moments
- Interactive booth content and digital activations

Smart Registration, Crowd Intelligence

Powered by **EASYCROWD** and Custom Integrations:

- Digital Invitations & Confirmations
- QR / NFC-based Check-in and Badge Printing
- Real-Time Crowd Monitoring & Flow Optimization
- Attendance Heatmaps and Behavior Insights
- Post-event Data Reports and Dashboards

Sustainability & Smart Resource Use

Aligned with Saudi Vision 2030, Sarmad applies:

- Digital-first workflows
- Waste and material reduction strategies
- Smart energy and logistics planning
- Environmentally responsible production practices

Why Sarmad?

Because Sarmad is not a traditional event organizer.

We are:

- Strategy-driven
- Technology-enabled
- AI-integrated
- Creatively differentiated
- Outcome-focused

We don't manage events.

We engineer intelligent experiences.

Our Promise

- Every Sarmad event is designed to leave a lasting impact—strategically, operationally, and emotionally.
- We are committed to excellence, innovation, and measurable success, redefining how modern events are planned, delivered, and evaluated.

Our Project

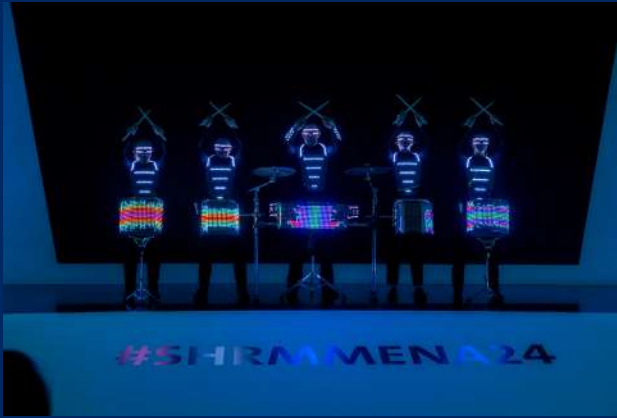

Global IoT Congress

Global IoT Congress 2025 is a leading international platform in Riyadh bringing together global experts, innovators, and decision-makers to shape the future of IoT and digital transformation.

SHRM MENA

SHRM MENA is a leading Middle East conference and expo bringing HR and business leaders together to shape the future of work.
